

Maksim Udovichenko

Composer, Sound Designer & Music Producer

London, UK | yurriq.max@gmail.com | maxudovichenko.art | instagram.com/udaaaww

PROFESSIONAL SUMMARY

Third-year BA (Hons) Music Technology student at Kingston University London, composing original music and designing sound for games and films. Experienced in ambient scoring, interactive sound design, analogue workflows, mixing, music production, and 5.1 composition. Seeking opportunities in game audio, film scoring, sound design, and music production.

CORE SKILLS

Ableton; analogue synthesisers; guitar; bass; piano; original composition; arrangement; sound design for games and films; mixing; 5.1 composition; music production.

SELECTED PROJECTS

Uni-Verse - Student Game | Music & Sound Design | 2026

Composed the music and designed sound effects for a Kingston University game project, supporting atmosphere and mechanics across key scenes.

Gimmick! Reimagining - 8-bit Coursework | Original Composition & Sound | 2026

Created an original chiptune reimagining inspired by the cult NES title, using synthesis, sampling, and sequencing techniques.

Climate Change Awareness Film | Original Score | 2026

Composed original music for a short awareness film produced by a fellow filmmaking student.

5.1 Surround Sound Composition | Original Composition | 2026

Composed and mixed an original piece in 5.1 surround sound, demonstrating spatial mixing and multichannel production.

Analog Mastering - Visconti Studio | Mix & Master | 2026

Mixed and mastered a track on analogue studio equipment and recorded it to tape as part of The Visconti Studio module.

EDUCATION

Kingston University London | BA (Hons) Music Technology | Expected 2027

Relevant study: synthesis, sampling and sequencing; sonic environments; analogue and digital production; 1/4-inch tape mastering; audio post-production; Foley; ADR; sound design for film, TV, and games; advanced mixing and mastering.
